### **DPW TO REPAIR SEWER SYSTEM INFRASTRUCTURE** *Temporary Impact to Water, Sewer Service in Project Areas*

Herndon, VA (May 10, 2010) – Isolated, faulty segments of the Town of Herndon's sanitary sewer system infrastructure, found during normal maintenance inspection by the Department of Public Works (DPW), will undergo repairs beginning the week of May 17. All work is expected to be completed by mid-June.

During the project, a slight odor may be detected near the streets where repairs are taking place. Additionally, commercial and residential buildings connected to the line under repair may have temporary, four- to five-hour disruptions of water and sewer service. Notice will be given to occupants before work takes place.

Areas impacted by the repair project include Sterling Road, Misty Vale Street, Artic Quill Road, Icy Brook Drive, Herndon Parkway at Reneau Way, Herndon Parkway between Exchange Place and Van Buren Street, Early Fall Court, and Dranesville Road at Madison Street.

Periodic traffic reroutes may be necessary, as some of the manholes that need to be accessed are located in the street. Work safety zones that adhere to Virginia Department of Transportation (VDOT) standards will be established as needed.

Information on the sewer system infrastructure repair project is available at [www.herndon-va.gov](http://www.herndon-va.gov), "Town Services." Inquires may also be directed to DPW at [public.works@herndon-va.gov](mailto:public.works@herndon-va.gov) or (703) 435-6860.
